Infographic on Leadership and Environmental Training in Outdoor Sports Federations

Survey from outdoor sports federations:
- 26 sports
- 90 responses
- 79 federations

Environmental Training

Main reasons identified for not providing training:
- Lack of knowledge by training providers
- Not enough time on courses
- Different priorities

Main reasons identified for providing training:
- Recognition of importance of natural places for their sport
- Ethical or moral sense of responsibility
- Legal requirement

Other reasons: 3.

Environment Ambassador

23 out of the 26 sports do have federations with ambassadors or champions for the environment.

(n=83) it was either important or extremely important that leaders, instructors and guides have knowledge of the environment and associated issues.
